## Stella!

NSU Art Museum Fort Lauderdale boldly christens its 60th anniversary celebration this month with *Frank Stella: Experiment and Change*, juxtaposing 300 works from the prodigious New York artist's 60-year career. Curated by museum director Bonnie Clearwater, the exhibition charts the artist's geometric trajectory from minimalism to maximalism. Presented in part by Four Seasons Private Residences Fort Lauderdale and The Surf Club, the exhibit will be on view from Nov. 12 to July 8, 2018.
